Where are the calls to action? Calls for organization? Stop upvoting attention-grabbing "tick-tock" posts, and start discussing how we keep our country if Trump declines to take executive action.

Secession is a larp and will only prolong the inevitable fall of liberty. The only solution is to root out all communist traitors from each state and restore our election system.

 Armed retention of President Trump, at the Capital. Yesterday, there was a call for a militia march in DC
This is a good start. We make them shoot first, as in Lexington.

This will not occur in necessary numbers unless mainstream conservative opinion supports it, and .win starts sacking the fuck up instead of making memes.

 I helped build a group of 200+ people that have advised local representatives on election fraud hearings, been to stopthesteal rallies across the country for 6 weeks, and working with GOP to stop being c rings. 

You have to start locally.
